

PROCEDURE USE GUIDELINES

INCLUDES COMPLEMENTARY PRODUCTS FOR:

- Non-ablative Laser
 - Ablative Laser
 - Chemical Peel
 - Injectables
-

COMPLEMENTARY PRODUCTS FOR **NON-ABLATIVE LASER**

LASER: Non-ablative laser therapy improves the appearance of photodamage, fine lines, and hyperpigmentation. With limited post-treatment downtime, patients can continue their daily routine with minimal interruption. Non-ablative laser treatments are performed in series of 3-6 treatments with 3-4 weeks between treatments.

PROCEDURE:

- Cleanse
- Perform laser procedure
- Minimize erythema and edema with **C E Ferulic**[®]
- Soothe and hydrate with **Phyto Corrective Gel**
- Protect with **Physical UV Defense SPF 30**

COMPLEMENTARY PRODUCTS FOR **ABLATIVE LASER**

LASER: Ablative laser therapy uses laser energy to remove layers of the skin in a precise and controlled manner. Often used to treat advanced signs of aging, such as deep wrinkles, lines, and hyperpigmentation, ablative laser therapy stimulates collagen production and causes a resurfacing of the skin.

PROCEDURE:

- Cleanse
- Perform laser procedure
- Hydrate & create protective barrier with **Hydra Balm**
- Dress wound

COMPLEMENTARY PRODUCTS FOR **CHEMICAL PEEL**

PEEL: Chemical solutions are used to remove skin cells and stimulate collagen remodeling, as well as to improve hyperpigmentation, fine lines, wrinkles, and skin texture. Chemical peels are often performed in a series of 4-6 corrective treatments.

PROCEDURE:

- Cleanse
- Degrease if necessary
- Apply chemical peel solution
- Soothe and accelerate healing with **Epidermal Repair**
- Protect with **Physical UV Defense SPF 30**

COMPLEMENTARY PRODUCTS FOR **INJECTABLES**

INJECTABLES: Used to add volume and fullness to correct moderate to severe facial wrinkles and folds. Neurotoxins paralyze the muscles of facial expressions to create a youthful and relaxed look; injectable fillers create volume and plumpness.

PROCEDURE:

- Cleanse and numb the skin if necessary
- Inject
- Stimulate collagen synthesis with **C E Ferulic®**
- Soothe and hydrate with **Phyto Corrective Gel**
- Protect with **Physical UV Defense SPF 30**
